**10**

**COMMANDMENTS  
TO AVOID CONSTRUCTION  
DISASTERS THAT COST TIME,  
MONEY, CAREERS,  
REPUTATIONS AND EVEN LIVES**

A black and white photograph of a construction worker wearing a hard hat and a safety vest, working in a trench. The worker is looking down at something in their hands. The background shows the rough, earthen walls of the trench.

# **Mother Nature Is Often Unforgiving to Those Who Underestimate Her Power, Prioritizing Cost Over Value.**

**The root cause of most project delays and budgetary overruns is unexpected challenges below the surface. Shortcuts always cost money, time, reputations and sometimes even lives**

**This is why we developed our 10 Commandments to ensure we always serve our clients to the best of our ability and continue our 100% Customer Satisfaction track record.**
